Our mini ovens are a great choice for those who like to switch up the location of their appliances or move around as they make the perfect portable oven. Functions of a mini oven If youre strapped for space or looking to downsize, one of our mini ovens could be the perfect way to add a bit of versatility to your kitchen. Similarly, our mini ovens with hobs can also be used in a caravan, holiday home or as a separate oven for those times when you might need a bit more cooking space like at Christmas or Easter when the family come over. We have table top models, which include hobs, rotisseries and grills, so if you want to make something special, you dont always have to turn on the main appliances. If youre only looking to expand your number of hob burners, we also have standalone induction plates all ready to use on your worktop, just make sure you have the compatible pots and pans to work with them. Microwaves and microwave ovens All this functionality combined with one of our microwaves can make for an ultraadaptable cooking space. One of the handiest kitchen appliances available on the market, not only can they reheat, but can also be used to steam and bake certain recipes. Standard microwaves are great for heating things up, but combination microwaves can rival any oven, and a grill too. If you are refitting your kitchen then a builtin microwave will give you all the great functionality, together with clean lines, giving your kitchen that uncluttered look. It is very easy to use and for its size is a very good price. Instructions ok but could do with more recipes for combination cooking. Overall a good buy. The controls are clear, logical and easy. The oven is great and the microwave powerful. I have not tried the breadmaking yet but am going too soon. Overall Im pleased with the purchase and would. I dont have a cooker just a hob. I use an Air oven and the combi microwave as it is far cheaper to run and easier to clean than any ordinary cooker. No. Its quite big so needs a large area to site on but can easily accomodate at least two maybe three food items at the same time which means our lunch time queue is. Have been looking for a bread maker that makes gluten free bread as well as normal bread, this one I would recommend to use for. This means that my husband, four students and lodger do not have to wait so long for their meals. AND I get the credit for swift and wellcooked meals. Brilliant! Features include Fast. Comes complete with multiple functions. Comes with 26 cooking and 4. Power output is 900 W and a capacity of 44 litres. Comes equipped. You must have JavaScript enabled in your browser to utilize the functionality of this website. MicrowaveMicrowave power output 900 watts.5 microwave power settings.
